

What kind of discount is available for my programs?

Book two programs and get a third program of lesser or equal value for \$25.

How do I determine if I am eligible?

The registration forms for each program must have the same contact name entered to be considered for the discount.

Do the programs have to be delivered within a certain time frame to be eligible?

Yes, they must be delivered within the same school year.

Do I have to request the discount?

No, discounts will be automatically applied at the time of booking and will be reflected in your confirmation letter.

Can I get this discount more than once in a school year?

Yes. If you book two programs, the third program of equal or lesser value will automatically be billed at \$25, even if you received the discount for previous bookings.

What if I have to cancel one or more of my programs?

If a block of programs is eligible for a volume discount, but one or more are cancelled at a later date, you will be charged regular price for the remaining programs within that block.
